PORTFOLIO
2026-28

AMBIENCE

Endless possibilities, shaped to perfection. Our surfaces blend innovation with elegance, bringing depth, durability, and design into every space you create.

Infinite by Design.
Refined by **Texture.**

Rising Through the Years

2015

The PVC Laminates Plant launched in Greater Noida, UP, with a capacity of 3 lakh sheets yearly.

2018

Production capacity expanded to 1 million sheets per annum.

2020

Decorative Laminates Plant was launched in Hapur, UP, with a 3 million sheet yearly capacity.

2022

The acrylic laminates plant was launched in Greater Noida, UP, with a 6 lakh sheets yearly capacity.

2024

In 2024, we launched Soffitto Panel, a modern ceiling panel offering durability, elegance, and easy installation.

2025

Grand opening of our first export warehouse in Dubal.

2026

In 2026, we launched MATTEVA, an innovative flexible acrylate sheet. It is the first in the industry to offer a 1.25 mm thickness, redefining material versatility and precision.

Skydecor embarked on its journey in 2015 with a vision to push beyond limits and redefine excellence. With a vast infrastructure spanning over 5 million sheets annual production and state-of-the-art machinery, we are committed to continuous growth and innovation. Our manufacturing facilities in Greater Noida and Hapur specialize in producing PVC Laminates, Acrylic Laminates, and Decorative Laminates

.Our operational headquarters is located in Noida, while our Experience Center in KirtiNagar offers a firsthand showcase of our premium products Boasting a legacy of a decade, Skydecor Laminates offers to revitalize the space around you. Our collections offer limitless possibilities for an interior space to look stylish and refined. From solids to textures, from naturals to eternals, our laminates come in a wide variety of designs and patterns.

As a socially and environmentally responsible company, Skydecor also prioritizes sustainability in our design practices. We strive to incorporate eco-friendly materials, energy-efficient solutions, and sustainable practices wherever possible, contributing to a greener and more sustainable future. Our team follows a collaborative approach, working closely to ensure smooth project management, timely execution, and impeccable finishing.

We believe by developing a large dealer network in India, Skydecor has left its footprints around our country. Our team works with clients to understand their vision, preferences, and requirements, ensuring that each project reflects their individuality and exceeds their expectations. We pay meticulous attention to detail, incorporating the latest design trends, materials, and technologies to create inspiring and functional spaces.

Researching and developing a wide range of laminate designs with the utmost quality and at affordable prices has become our key goal for customer satisfaction. Explore Skydecor's Laminates collection to design your interiors according to your specifics

PRODUCT FEATURES

0.8 MM THICKNESS

Our laminates combine durability with refined aesthetics, offering superior resistance to daily wear while maintaining their rich texture and finish. Built for consistency and crafted for design versatility, they are made to enhance every space they become a part of.

100%

100% PHENOLIC BONDING

SUITABLE FOR INTERIOR USE

LONG LIFE

CARPENTER FRIENDLY

FULL THICKNESS

EASY TO CLEAN AND MAINTAIN

Edges That Endure, Style That Stays.

Our edge bands offer a seamless finish that perfectly complements premium architectural surfaces. These robust barriers provide superior resistance to moisture and daily wear, ensuring long-lasting structural integrity. With a diverse range of nature-inspired textures, they achieve a flawless match for any high-end project. Designed for effortless application, they deliver a refined look that elevates the quality of modern furniture.

OUR COLLECTION

A curated range of textures and finishes designed to bring depth, character, and sophistication to every surface. From natural inspirations to contemporary styles, each design is developed to meet evolving interior needs with timeless appearance.

Lumistone

∞

Lumistone bring the soul of natural stone to everyday surfaces. Rich veining, deep tones, and a tactile finish that mirrors marble and granite, minus the weight and upkeep. Built to resist scratches, moisture, and daily wear without losing their quiet luxury. Every sheet turns kitchens, wardrobes, and furniture into understated style statements. This is stone, reimagined for modern spaces.

Wood Stroke

∞

The Wood Stroke Collection is an exploration of natural texture, refined through contemporary design. Inspired by the graceful movement of real wood grains, this laminate series brings warmth, rhythm, and depth into modern interiors. Each surface is thoughtfully crafted to highlight subtle patterns, soft tonal variations, and a balanced tactile feel that enhances every space with understated elegance.

Designed for versatile applications, Wood Stroke seamlessly blends minimal aesthetics with timeless character, making it ideal for sophisticated living environments. More than just a surface, the collection creates an atmosphere of comfort, authenticity, and modern luxury through the beauty of wood-inspired expression.

A dramatic landscape photograph of a desert canyon. In the foreground, a large, smooth, reddish-brown sand dune or ridge curves across the frame. A small, dark figure of a person stands on the crest of this ridge. In the background, a deep canyon is carved into the earth, with a winding river visible at the bottom. The canyon walls are layered with different shades of brown and tan, showing geological strata. The sky is a pale, hazy blue, and the overall atmosphere is one of vastness and natural beauty.

WAYS TO KEEP LAMINATES LOOKING NEW FOREVER

Follow these simple steps to maintain the beauty and durability of your laminates:

- Clean the surface regularly using a soft, damp cloth.
- Use mild liquid soap or gentle cleaners for routine cleaning.
- Avoid abrasive scrubbers or harsh chemicals as they may damage the surface finish.
- Wipe spills immediately to prevent stains or moisture absorption.
- Do not place extremely hot objects directly on laminate surfaces.
- Keep laminates away from excessive moisture or prolonged water exposure.

HOW TO APPLY LAMINATES ON INTERIORS & FURNITURE

Ensure proper installation for long-lasting performance:

- Use a proper base substrate like plywood, MDF, or particle board.
- Make sure the surface is clean, smooth, and dust-free before application.
- Apply high-quality adhesive evenly on both laminate and substrate.
- Allow proper drying time before bonding the surfaces.
- Use uniform pressure while pressing to avoid air gaps or bubbles.
- Always use a balancing laminate on the backside for stability.
- Trim edges carefully and finish with edge banding if required.

WAYS TO PREVENT LAMINATES FROM DAMAGE OR DISCOLORATION

- Avoid direct and prolonged exposure to sunlight.
- Do not use low-quality adhesives that may cause surface issues.
- Keep laminates away from extreme heat and humidity.
- Avoid contact with strong chemicals, acids, or solvents.
- Ensure proper ventilation in the installation area.

HOW TO AVOID COMMON ISSUES (BUBBLES, WARPING, DELAMINATION)

- Ensure moisture-free substrate before installation.
- Apply adhesive evenly—avoid excess or insufficient application.
- Maintain proper pressing time and pressure during bonding.
- Avoid installation in high humidity conditions.
- Allow materials to acclimatize to room temperature before use.
- Use recommended adhesives for best bonding strength.

CUSTOMIZATION NOTE

- All laminate designs can be customized in various finishes like Gloss, Matte, Textured, and Suede to suit your interior needs.

BRAND CERTIFICATIONS

TECHNICAL SPECIFICATION

PROPERTIES	Specified Value as per IS:2046-1995 Type S, HGS	Skydecor Conforms
Thickness	0.8 mm (±0.05mm)	✓
Resistance to surface wear	>300 (revolution)	✓
Resistance to immersion in boiling water		✓
-Mass increase (%)	8 (Maximum)	✓
-Thickness increase (%)	10 (Maximum)	✓
Resistance to dry heat 180°C	Not worse than 4	✓
Dimensional stability at deviated temperature		✓
-Longitudinal (%)	0.5 (Maximum)	✓
-Transverse (%)	0.9 (Maximum)	✓
Dimensional stability at 20°C		✓
-Longitudinal (%)		✓
-Transverse (%)		✓
Resistance to impact by small diameter ball	17.5 N (Minimum)	✓
Resistance to cracking	Not worse than 4	✓
Resistance to scratching	2 N (Minimum)	✓
Resistance to staining	Not worse than 5	✓
Resistance to colour change (wood standards)		✓
-In Xenon arc light	Not worse than 6	✓
-In enclosed Carbon arc light	Not worse than 5	✓
Resistance to cigarette burns	Not worse than 3	✓
Resistance to steam	Not worse than 4	✓
Appearance	Should be free from foreign particles	✓

PRODUCT : Paper based decorative laminated sheet

SIZE : 2440 x 1220mm

THICKNESS : 0.8mm (±0.05mm)

MAINTENANCE : Clean with mild soap solutions of house hold detergent, abrasive cleaners should not be used. it is recommended for vertical use only. Avoid direct sunlight.

RESISTANCE : To surface wear, immersion in boiling water, dry heat, impact by small dia. Ball, cigarette burns, staining, scratches, color change in xenon light.

- Guaranteed Thickness.
- High Quality Back Sanding.
- The samples shown here are only indicative of the colour patterns and finishes available.
- Application images shown in the catalogue are for illustration purpose only, please refer to the actual product sample for colour & finish available.
- Note :** Company warrants that all its products are free from manufacturing defects and perfectly fit for use under normal conditions. In case of any claims, the liability of the company is however limited to the cost of the product only.
